Mission Statement

The mission of Galena Park Middle School is to cultivate a spark within students to develop their purpose for life-long learning and a strong work ethic while exposing them to quality post-secondary opportunities.

Vision

The vision of GPMS is to prepare the students to successfully transition to high school, while teaching them life-long work ethic and exposing them to multiple careers, trades and opportunities after high school graduation.

Campus Profile

WHERE WE HAVE BEEN compared to WHERE WE ARE NOW:

History of Campus and Important Changes

The Clinton school opened in 1917 and was the first school in Galena Park. The Clinton School had one teacher who taught all grade levels in one room. There were two schools, Galena Park Elementary and Galena Park High School, when the Galena Park Independent School District was formed in 1930. Galena Park Junior High came into existence in 1949. When the school was opened, the enrollment was 461 students, with 19 teachers. The junior high underwent a name change in 1979 when the school district adopted the middle school concept. Galena Park Middle School (present campus) was opened December 18, 1992 at 400 Keene Street, Galena Park, Texas 77547. We have come a long way from that one room school!

Galena Park Middle School's campus size is 1,021 students. The grade span is 6th - 8th grade, with 86.2% of the students being economically disadvantaged and 29.3% of the students being English Language Learners.

In the Texas Education Agency's 2018 Accountability Summary, Galena Park Middle School MET STANDARD and earned one distinction designation (Science). Galena Park Middle School Accountability 2018 Rating is a C (79).

Special Programs

Our School-wide Title I program consists of parent involvement activities, extended day for math and reading, pullout programs, Saturday School, and professional development for staff. Our State Compensatory Program (SCE) consists of after school tutorial programs for assisting at-risk students (including STAAR Tutorials), READ 180 program, a Technology Instructional Specialist (serving three computer labs), a Reading Skills teacher, and a Dyslexia teacher. Our CTE program offers Career Portals classes and Computer Applications classes. Title II funds provide GPMS with a Science Specialist. Title III funds have provided students with pullout teachers to provide focused ESL instruction (LEP students), professional development for staff members and parent involvement activities.

WHERE WE ARE GOING

Based on the data available, CPAC approved the following goals (found at the end of this plan) for the 2018 - 2019 school year. Galena Park Middle School will strive daily to make significant gains in every area of STAAR taken in every subject and every grade level. We will continue to focus on the results from the Campus Needs Assessment survey, solicit input from all stakeholders (faculty, staff and parents) and provide necessary training to meet our goals.

CPAC will meet once a month to ensure the activities are being enforced to meet our goals. Galena Park Middle School will continue to have common planning times for teachers. All teachers, who are scheduled to teach the same content, will have time embed into the master schedule to allow them to plan during the school day. The campus instructional leaders/specialists will facilitate each planning session.

Demographics Strengths

Galena Park Middle School is in the middle of the city of Galena Park, Texas. The majority of students walk to school and the community has a small town feeling. Of the LEP students attending Galena Park Middle School, many of the students received high school credit by taking the Spanish Credit by Exam. GPMS has implemented rewards and is constantly encouraging students to improve attendance. The instructors consistently find ways to introduce content that include the latest trends that spark students' interests. GPMS have great students who want to be at school and want to learn new concepts.

Problem Statements Identifying Demographics Needs

Problem Statement 1: We need to increase our SPED and African American population success rate a GPMS. We need to hire a more diverse staff. **Root Cause:** Co-teachers, general education and special education teachers, need to utilize one of the research based co-teach models. All staff need to be create culturally diverse lessons that engage our African American Students. Although the Hispanic population is the largest student population at Galena Park Middle School, the largest ethnic population of teachers is White.

Student Achievement

Student Achievement Summary

Galena Park Middle School Met Standard for the 2017 Accountability Rating. Additionally, Galena Park Middle School received a distinction designation for academic achievement in Mathematics.

Student performance scores have identified LEP and SPED as areas in need of improvement. These two areas have shown minimal growth in the past three years.

2016 Performance Index:

Index 1-Student Achievement (Target Score=60)	70
Index 2-Student Progress (Target Score=30)	38
Index 3-Closing Performance Gaps (Target Score=26)	37
Index 4-Postsecondary Readiness (Target Score=13)	30

Student Achievement Strengths

GPMS offers its students multiple opportunities for students to succeed. GPMS assessment data has led the district in many curricular areas, and students are growing across our campus in all areas. Our Athletic and Fine Arts programs are showing increased numbers in enrollment and are demonstrating more success.

Problem Statements Identifying Student Achievement Needs

Problem Statement 1: More GPMS students need to achieve "Meets" and "Masters" on the state STAAR assessments , and we need more students to exit ESL based on the state TELPAS exam. We want to meet safeguards in all areas too. **Root Cause:** Interventions historically have been based on "bubble" Approaches students only, and we are still struggling to individualize our instruction across the campus.

School Culture and Climate

School Culture and Climate Summary

Students, parents and staff view Galena Park Middle School as a safe place for learning.

School Culture and Climate Strengths

GPMS strives to be a campus where all stakeholders have an opportunity to be involved, and our staff members are often empowered to take risks and do more for their students.

Problem Statements Identifying School Culture and Climate Needs

Problem Statement 1: We want all staff and students to be positive and display their best character traits at all time, and the whole building needs to be on the same disciplined plan. **Root Cause:** There are a few negative people on the team. We need to spend more time with our stakeholders to develop our Campus Improvement Plan. We need a common discipline plan/ policy to follow.

Staff Quality, Recruitment, and Retention

Staff Quality, Recruitment, and Retention Summary

Galena Park Middle School strives on hiring quality staff members to meet the needs of the students. The Galena Park Middle School instructional staff is 100% Highly Qualified. Our staff members are located by attending various job fairs throughout the state and through an intensive screening process.

Galena Park Middle School has a minimal turnover rate with staff members. Most staff members that leave have received a promotion. Staff attendance ranges from 96% to 97% on average.

Staff Quality, Recruitment, and Retention Strengths

Data drives the decision making process at Galena Park Middle School. TTESS data assists in identifying teachers in need of assistance and support. Staff members receive coaching, focused professional development based on student assessment data results, assess to needed resources.

Galena Park Middle School has many aspiring leaders and teacher-leaders who take initiative on a daily basis to make GPMS a successful campus. Galena Park Middle School seeks to grow leaders.

Our staff is family and our staff is a team. Staff members teach academically and socially, noting the needs of the students and ensuring they are met. There are many dedicated teachers that go above and beyond for their students.

Problem Statements Identifying Staff Quality, Recruitment, and Retention Needs

Problem Statement 1: We need to provide more professional development though our campus based on our specific needs. **Root Cause:** Teachers receive professional development, but they do not always have the ability or time to implement it.

Curriculum, Instruction, and Assessment

Curriculum, Instruction, and Assessment Summary

Each Department (Math, Science, Social Studies, and Language Arts) meets three days each week to plan and prepare their lessons during their assigned common planning periods. These departments work closely with the district level departments to ensure the curriculum is on target. The lessons are TEKS based for each department. CBAs and DAs are administered throughout the course of the year to assess student progress.

Additionally, the SPED/ESL department meets and coordinates with the Math, Science, Social Studies, and Language Arts departments to ensure the needs of the SPED/LEP students are met.

Teachers refer students to RtI, and the students are assigned a case manager to assess their needs. Based upon the assessment, further investigation occurs or the students are referred for further testing.

Curriculum, Instruction, and Assessment Strengths

Curriculum, TEKS and assessments are aligned. The students are being acclimated more and more to the STAAR test due to the organization, administration and assessment/disaggregation of data. Student data drives the campus decision making process, with a focus on what is best for the students. Common Core Planning embedded in the master schedule has assisted with showing improvement in district assessment data.

Problem Statements Identifying Curriculum, Instruction, and Assessment Needs

Problem Statement 1: We are allowing some students with different educational needs to fall through the cracks. **Root Cause:** Students do not get identified early enough for them to receive the support they might need, and sometime teachers do not know how to provide interventions to these students.

Parent and Community Engagement

Parent and Community Engagement Summary

Galena Park Middle School truly believes in the statement, "It takes a village to raise a child." Family and community involvement are crucial in the success of the students, and we understand that we can not do it alone. We consistently seek to discover new ways to include family and community into our campus.

Parent and Community Engagement Strengths

Galena Park Middle School has always had strong parental support, which includes volunteers on campus almost every day. Our counselors have done an excellent job offering courses that meet the needs of our parents. Additionally, they have offered trainings in the evening and on weekends.

More parents have been involved when GPMS hosts events that are not academically driven (i.e., Family Fun Night, Father/Daughter Dance, Mother/Son Showdown, Parent Meetings, etc.).

Problem Statements Identifying Parent and Community Engagement Needs

Problem Statement 1: We need to build stronger partnerships with our parents to help us support their child's academic needs. **Root Cause:** Parents do not always know how to support their child's education even if they want to.

School Context and Organization

School Context and Organization Summary

Our campus' main focuses are safety and student achievement.

2018-2019 BELL SCHEDULE

The bell schedule for the 2017-2018 school year provides the students with eight class periods per day. Although the class periods are shorter, a greater focus on key concepts and curriculum with a sense of urgency will prevail.

Period	6 th Grade	Period	7 th Grade	Period	8 th Grade

School Context and Organization Strengths

Grades 6, 7 and 8 have two teams per grade level and each team has a team leader. Each core curricular area (and the electives department) has a content specialist and/or department chair. GPMS has a strong Foundations Program that focuses on student safety (morning duty, transition between classes, lunches, and after school dismissal). Staff input is valued in creating a campus that is welcome to all. The Campus Planning and Advisory Committee (CPAC) or Site Based Team meets monthly to assess the needs of the campus. As a committee, this team makes decisions based on student needs.

Problem Statements Identifying School Context and Organization Needs

Problem Statement 1: Our campus needs to have well defined explanations of our policies and procedures that are executed consistently. **Root Cause:** We have high expectations for all across the campus, but not all team players are meeting them consistently. This creates tension across the school.

Technology

Technology Summary

The technology available at Galena Park Middle School includes: chormoebooks,desktop computers. ipads, clickers, interactive tablets, promethean boards, projectors, document cameras, and digital cameras.

Every teacher on campus has a computer, an interactive tablet, document camera and a projector. All other technology equipment is available on a check-out or needs basis and can be used by any campus personnel.

The teacher computer, projectors and document cameras are seamlessly integrated into classroom lessons on a daily basis. Our other technology equipment has been used on a regular basis for classroom lessons, staff development trainings, student projects, after school tutorials, Saturday school, and parent involvement meetings.

The expectations for the use of technology is for teachers to seamlessly and creatively integrated technology into their daily lesson plans. Aside from maintaining attendance, grades and lesson plans online, all core subject teachers are expected to complete a technology project with all their students, attend technology trainings, attend scheduled computer lab rotations, complete the internet safety activities with their students and attain their integrated technology goal for the year.

Technology is used to support both instruction and learning, technology infuses classrooms with digital learning tools, such as computers and hand held devices; electronic grade books, lesson plans, online moodle courses, learning games such as Think Through Math and iStation, and real-time feedback on teacher and student performance.

Software, experiences, and learning materials; supports learning 24 hours a day, 7 days a week; builds 21st century skills; increases student engagement and motivation; and accelerates learning. Technology links teachers to their students and to professional content, resources, and systems to help them improve their own instruction and personalize learning.

The majority of our teachers use technology daily to present classroom lessons and activities to students. Although students see technology being used daily, it isn't very often that students have hand on experiences using or creating products with technology. Students are scheduled to attend the computer lab every 3 weeks unless they are enrolled in one of the three elective classes that utilize technology daily.

Students have the chance to experience the importance of technology and its relevance through various means such as the Multimedia Festival, Internet Safety Activities and the 8th Grade "My Life" computer project.

Technology support available for students are:

Elective courses that utilize technology on a daily basis
Teacher/classroom support
Peer support
Campus Technology Instructional Specialist
Classroom/Lab Instructional Modeling by campus specialist

Technology support available for teachers are:

Staff development trainings - district and campus
Small group / individualized trainings - campus specialist
Training manuals, instructional guides, videos - online and hard copies
Campus Technology Instructional Specialist
Campus Technician
Peer support
Specialized support sessions
Tilts and Pbls (Technology Integrated Lessons for Teachers and Project Based Lessons)
Technology Newsletters (every 9 weeks)

Technology proficiencies are evaluated by the Campus Technology Instructional Specialist. The campus specialist maintains a spreadsheet with all staff personnel, technology integration goals, internet safety activities and student projects completed. All items are documented in teacher lesson plans and project samples are collected.

The data reveals that we have an array of teachers at different levels of integrating technology into their subject area. It is believed to be due to the lack of time and availability of technology equipment than the training or experience needed.

Low student proficiencies in the areas of research and critical thinking appear to be due to infrequent lab attendance and/or low number of mobile devices.

Campus and district professional development is offered on a regular basis and at various times. Campus professional development is also offered upon request at a time that is convenient to the individual or group.

Campus professional development offered this year:

- Skyward Attendance
- Skyward Gradebook
- Forethought
- Formspace
- Helpdesk
- TTESS
- Aware
- Dashboard
- Google Docs
- Moodle
- Web Pages
- Animoto
- Photostory
- Clickers
- Online E-Courses
- Odyssey
- Hot Potatoes
- Think Through Math
- iPod Support Sessions

No one is excluded from attending any campus technology professional development.

Performance Objective 4 Problem Statements:

Demographics
Problem Statement 1: We need to increase our SPED and African American population success rate a GPMS. We need to hire a more diverse staff. Root Cause 1: Co-teachers, general education and special education teachers, need to utilize one of the research based co-teach models. All staff need to be create culturally diverse lessons that engage our African American Students. Although the Hispanic population is the largest student population at Galena Park Middle School, the largest ethnic population of teachers is White.
Student Achievement
Problem Statement 1: More GPMS students need to achieve "Meets" and "Masters" on the state STAAR assessments , and we need more students to exit ESL based on the state TELPAS exam. We want to meet safeguards in all areas too. Root Cause 1: Interventions historically have been based on "bubble" Approaches students only, and we are still struggling to individualize our instruction across the campus.
Curriculum, Instruction, and Assessment
Problem Statement 1: We are allowing some students with different educational needs to fall though the cracks. Root Cause 1: Students do not get identified early enough for them to receive the support they might need, and sometime teachers do not know how to provide intervetions to these students.
Technology
Problem Statement 1: We need more student technology assess in every classroom to meet the needs of our learners where they are. Root Cause 1: There are not enough devices to be used consistently and routinely in everyday instruction for student use.
Student Academic Achievement
Problem Statement 1: We need to increase our overall "Approches" scores by meeting the needs of our "sub pops.", and we need to get more students scoring "Meets" and "Masters" on STAAR. Root Cause 1: We need to deferente our instruction to meet our individual student needs.
School Processes & Programs
Problem Statement 1: We need to define, strategically plan, implement, and evaluate our current processes (for purchases and practices) and programs (curricular and extracurricular). Root Cause 1: We are making progress at GPMS, but we can't really explain the specifcs as to what is helping us achieve our progress in all areas.

Goal 4: Galena Park Middle will ensure students are provided quality enrichment/extracurricular programs and encourage their participation.

Performance Objective 1: Enhance the quality of fine arts programs.

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: We need to increase our SPED and African American population success rate a GPMS. We need to hire a more diverse staff. Root Cause 1: Co-teachers, general education and special education teachers, need to utilize one of the research based co-teach models. All staff need to be create culturally diverse lessons that engage our African American Students. Although the Hispanic population is the largest student population at Galena Park Middle School, the largest ethnic population of teachers is White.
Student Achievement
Problem Statement 1: More GPMS students need to achieve "Meets" and "Masters" on the state STAAR assessments , and we need more students to exit ESL based on the state TELPAS exam. We want to meet safeguards in all areas too. Root Cause 1: Interventions historically have been based on "bubble" Approaches students only, and we are still struggling to individualize our instruction across the campus.
School Culture and Climate

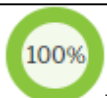

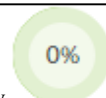

Problem Statement 1: We want all staff and students to be positive and display their best character traits at all time, and the whole building needs to be on the same disciplined plan. Root Cause 1: There are a few negative people on the team. We need to spend more time with our stakeholders to develop our Campus Improvement Plan. We need a common discipline plan/policy to follow.
Staff Quality, Recruitment, and Retention
Problem Statement 1: We need to provide more professional development though our campus based on our specific needs. Root Cause 1: Teachers receive professional development, but they do not always have the ability or time to implement it.
Curriculum, Instruction, and Assessment
Problem Statement 1: We are allowing some students with different educational needs to fall though the cracks. Root Cause 1: Students do not get identified early enough for them to receive the support they might need, and sometime teachers do not know how to provide intervensions to these students.
School Context and Organization
Problem Statement 1: Our campus needs to have well defined explanations of our policies and procedures that are executed consistently. Root Cause 1: We have high expectations for all across the campus, but not all team players are meeting them consistently. This creates tension across the school.
Technology
Problem Statement 1: We need more student technology assess in every classroom to meet the needs of our learners where they are. Root Cause 1: There are not enough devices to be used consistently and routinely in everyday instruction for student use.
Demographics
Problem Statement 1: We need to build stronger parent and community partners. Root Cause 1: We need to reach out to more community businesses for support, and we need to team up with our parents too.
Student Academic Achievement
Problem Statement 1: We need to increase our overall "Approches" scores by meeting the needs of our "sub pops.", and we need to get more students scoring "Meets" and "Masters" on STAAR. Root Cause 1: We need to deferente our instruction to meet our individual student needs.
School Processes & Programs
Problem Statement 1: We need to define, strategically plan, implement, and evaluate our current processes (for purchases and practices) and programs (curricular and extracurricular). Root Cause 1: We are making progress at GPMS, but we can't really explain the specifcs as to what is helping us achieve our progress in all areas.

Performance Objective 2 Problem Statements:

School Culture and Climate
Problem Statement 1: We want all staff and students to be positive and display their best character traits at all time, and the whole building needs to be on the same disciplined plan. Root Cause 1: There are a few negative people on the team. We need to spend more time with our stakeholders to develop our Campus Improvement Plan. We need a common discipline plan/policy to follow.
Staff Quality, Recruitment, and Retention
Problem Statement 1: We need to provide more professional development through our campus based on our specific needs. Root Cause 1: Teachers receive professional development, but they do not always have the ability or time to implement it.
School Context and Organization
Problem Statement 1: Our campus needs to have well defined explanations of our policies and procedures that are executed consistently. Root Cause 1: We have high expectations for all across the campus, but not all team players are meeting them consistently. This creates tension across the school.

School Processes & Programs	
Problem Statement 1: We need to define, strategically plan, implement, and evaluate our current processes (for purchases and practices) and programs (curricular and extracurricular). Title I Schoolwide Elements

ELEMENT 1. SWP COMPREHENSIVE NEEDS ASSESSMENT (CNA)

1.1: Comprehensive Needs Assessment

Part of our CNA was developed utilizing the data from a staff survey. The other components were developed by eight campus committees. Teachers were divided into teams of eight different committees that corresponded to the ESSA Title 1 categories. Committees reviewed data pieces and determined campus needs based on these information sources. Their needs assessment was turned into the CPAC.

Meeting dates:

April 12, 2018

May 25, 2018

ELEMENT 2. SWP CAMPUS IMPROVEMENT PLAN (CIP)

2.1: Campus Improvement Plan developed with appropriate stakeholders

Committee teams met to discuss the needs in each one of their categories. Based on data pieces and survey information, committees came up with root causes and problem statements. They analyzed performance objectives for each goal and the strategies that went along with them based on the problem statements and root causes.

2.2: Regular monitoring and revision

The CIP will be monitored at least quarterly and discussed at every CPAC meeting. If there are any edits necessary, the final decisions will go through the CPAC for approval.

CPAC Meeting Dates 2018-19:

September 25, 2018

November 27, 2018

February 26, 2019

March 26, 2019

April 30, 2019

2.3: Available to parents and community in an understandable format and language

The CIP will be available to parents in the front office (Eng/Span). A link to the main parts of the CIP will also be available on the campus website. The CIP is also available at the districts administration office. The goals of the CIP are available in English and Spanish.

2.4: Opportunities for all children to meet State standards

As stated in the campus mission and vision statements, students are put first at Galena Park Middle. Therefore, all students will be afforded every opportunity to be successful through daily activities, before, during, & after school intervention and opportunities to engage in extracurricular activities.

CIP page numbers:

p. 14, 16-19, 22, 29, 37-38, 40 & 42.

2.5: Increased learning time and well-rounded education

Galena Park Middle school will provide students with opportunities to attend tutorials to fill in learning gaps. Teachers will be provided with up to date reading materials and math manipulatives to utilize for student improvement.

CIP page numbers:

p. 20-26, 33, 42-43 & 51

2.6: Address needs of all students, particularly at-risk

All student progress is monitored closely. Through RTI and At-Risk identification, student progress is checked throughout the year. Aside from district assessments, teachers utilize ongoing formal and informal assessment to check student progress.

CIP page numbers:

p. 19-20, 24, 26, 33, 35-36 & 42

ELEMENT 3. PARENT AND FAMILY ENGAGEMENT (PFE)

3.1: Develop and distribute Parent and Family Engagement Policy

The school/parent compact along with a calendar of the year's events will be handed out to parents during Meet the Teacher Night and Open House.

The PTA members and parents reviewed and made changes if needed to our PAFE policy (2017-2018) and our compact for learning (2017-2018) at our Muffins for Moms meeting.

PTA (2017-2018) members included:

Danela Galvan- Secretary

Kim Hadaway-President

Joey Elizondo- Vice President

3.2: Offer flexible number of parent involvement meetings

Galena Park Middle school offers several opportunities for parental involvement meetings throughout the year. Aside from Galena Park Middle schools sponsored events, our campus PTA also hosts meetings. The first semester includes: Meet the Teacher, Open House, Red Ribbon Week, Donuts with Dads, Grandparents Breakfast, and parent volunteer opportunities.
